June 2020

How has Covid-19 affected you and your family?

How has the coronavirus outbreak affected you and your loved ones? We would like to hear your experiences of health, care and community services during the pandemic. What's working well and what could be better?

You can complete our online survey at www.smartsurvey.co.uk/s/WiltsCoronavirus/

Everything we hear will be shared with local and national NHS, Wiltshire Council and service providers.

The survey can also be completed over the phone - call us on 01225 434218 to arrange and a member of the Healthwatch Wiltshire team will call you back.

You can also share your story on any health and social care issue by using our [online](#)

form, calling 01225 434218 or emailing info@healthwatchwiltshire.co.uk

All feedback is anonymous.

Your experiences of the coronavirus pandemic

Our [Covid-19 Insight Reports](#) detail what we're hearing from you and provide a snapshot of the work being done by services in response to the pandemic.

These reports will be produced regularly and will be shared with the NHS, council and service and providers, so they can hear where things are working well and identify any gaps.
